

GROUNDWORK OHIO EARLY LEADERSHIP CHILDHOOD FELLOWSHIP

The Groundwork Ohio Early Childhood Leadership Fellowship is designed for emerging leaders in the early workforce. During the Fellowship, Fellows will enhance their capacity to influence healthy development and early learning policies that will lead to increasing positive outcomes for Ohio's youngest learners and their families. Throughout the year, 33 Fellows from across Ohio will meet in Columbus, Ohio to engage in a hybrid curriculum designed to build upon leadership skills, knowledge, and the professional landscape of early childhood professionals. The Fellowship will incorporate in-person sessions with Groundwork and field experts, online learning experiences through webinars, individual assignments and small group regional projects designed to drive change in their communities through amplifying their voices. Fellows will be required to attend (4) mandatory quarterly sessions outlined below, develop and present on a regional group capstone, attend a meeting and host a site visit at their place of employment with legislators, and participate in at least three (3) webinars.
