Early Childhood Education District Profile

Groundwork OHIO

Ohio Senate District 32
Senator Scott Oelslager

OHIO IMPACT:

102,421 CHILDREN are served in Ohio by publicly funded early childhood education programs.

39,711 (38.8%) of all of these children are served in the 38 counties impacted by the accounting injustice that exists in the system.

13,840 children of this 39,711 are in Step Up To Quality (SUTQ) star-rated programs ranging from 1 to 5 stars with the remainder being served by unrated programs.

YOUR DISTRICT IMPACT:*

Stark County: 1,383

TOTAL 1,383

equates to:

69.15 CLASSROOMS OF CHILDREN**

**Data is collected per county. Therefore, if a legislative district only serves part of a county, the numbers shared in this profile cannot account for which of those children are served by one legislative district versus another. **Classroom is defined as 20 children supervised by 2 teaching staff based upon the student to teacher ratio of 1:10 for a 3 star rated (the threshold rating for "high-quality" programming in Ohio) preschool program for children ages 3-5. All data is based on data from October of 2014.*
